## Concerning Furs!

Furs, like horses or diamonds, must be bought either with knowledge or with trust. It is well then to buy where you feel absolute confidence. In this store you are safeguarded by fifty years' reputation for supreme honesty. A larger assortment of furs we've never shown, and another point, every piece is fresh and new. We carried positively nothing from last season. Styles are the styles of today. The most strenuous efforts of the house have been used to push prices as low as possible. We claim no miracles of merchandising—furs are fur. But our prices are unusually reasonable—lower than any figures we have found on equal goods. We have made a special effort in the line of smaller furs and in the good and handsome but not high priced furs. Here is a hint or two but of course the style and "put together" of the article should be considered with the price.

\$15 buys a Blue Fox Scarf, animal shape.  
\$10 buys an Astrachan Collar made of whole skins.  
\$6 1/2 buys a genuine Alaska Sable Scarf.

OTHER PRICES DOWN TO \$1.25.

## FURS SUGGEST COATS!

The ladies of our vicinity are to be congratulated on the opportunity to buy right here at home the most stylish and durable Cloaks made in this country. The "Woollex" garments on sale here are made of scientifically tested cloths and linings—guaranteeing satisfaction to the wearer. And all who have seen our comprehensive assortment agree that styles were never more attractive.

RAGLANS \$12 1/2 to \$18. BOX COATS \$10 to \$20. AUTOMOBILES \$10 to \$15. FUR JACKETS \$7 1/2 to \$12 1/2.

The Times-Star last evening contained a fine likeness of Mrs. Charles E. Choate of Augusta, Ga., who has entered the Ohio Mechanical Institute in Cincinnati to study architecture.

Mrs. Choate's husband is an architect and her object in taking up the profession is that she may become proficient enough to be his draughtsman.

She is taking a special course in perspective and will make a specialty of interior decoration.

## THE BEE HIVE

## A RUMMAGE SALE SATURDAY..... NIGHT!

By this we mean "cleaning house." We started in this week to look through stock. Before we finish we expect to upset every nook and corner in the store, the contents brought out and MARKED DOWN. One of our cardinal principles is to carry nothing from season to season. But some things are bound to be mused; some are sure to get soiled; others get nearly all sold. In Dress Goods colors are missing, in Underwear sizes are gone—and what are odd lots to a store like The Bee Hive? On Saturday Night we will have

## A RUMMAGE TABLE!

We will put the odd lots on this table. The thing is to sell the odd sizes to the people they fit. Will they come if we mark them about half? We think they will—in throngs. All the goods are this season's, but new numbers have taken places of broken sizes. This Saturday night will be mostly Underwear. Come and see if your size is here.

# Kodol Dyspepsia Cure

There is one certain way of curing indigestion and stomach troubles, that is, give your stomach a rest but still eat plenty of good food to keep up the nourishment for your body. You can do this by using KODOL DYSPEPSIA CURE because it is the one preparation which digests what you eat without aid from the stomach. Nature will then repair your worn out digestive organs and restore them to healthy condition. It relieves that feeling of fullness, belching and distress after eating, suffered with dyspepsia a great many years. I tried many remedies without relief until I used Kodol Dyspepsia Cure. My health has improved and I now feel like a new man. S. J. Fleming, Murray, Neb.

## Attorney at Law,

An Open Letter.

We desire to say that our business since January 1st has passed the mark anticipated. We wish to be frank; therefore we are not attempting to talk to business people and put it in the form of a polished essay. The advantage of having merchandise different from your competitors is apparent, provided that the retailer is known to be reliable. Does not a good deal of advertising appear to you as though the advertisers were indulging too freely in Fine Words? Most of them seem to say something that means nothing. Names are invented for goods that have no bearing whatever to the materials; curved and twisted until they are a proper basis, and that is to pliantly tell people what you have to sell, and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, White Goods, Carpets, Mattings and Housekeeping Goods generally is complete. Come and learn prices, which will be found to be as cheap as the cheapest, quality considered. Respectfully,

GEORGE COX & SON.
